

Explore

Led by: Paige Wheeler, MS/CCC-Speech Pathologist • Mooresville office

Each day begins with a themed book, setting the stage for activities that incorporate vocabulary and concepts from the story. Activities span art, science and math, as well as language skills like following directions and sequencing. We include physical movement, dancing, songs and crafts. Each week is themed differently, fostering creativity, learning and fun.

Connect

Led by: Paige Wheeler, MS/CCC-Speech Pathologist • Mooresville office

A unique, supportive and engaging environment where pre-teen and teen campers can build confidence, develop essential social skills, and form lasting friendships. Interactive activities focus on improving conversational skills, active listening and understanding social cues; group activities encourage team work, problem solving and positive social interactions.

Reach

Led by: Cindy Manno, MA/CCC-Speech Pathologist • Stanley office

Enhancing language arts skills for rising first to third graders through phonics, phonology, and literacy. Children improve letter-sound-word knowledge, analyze words by sounds and syllables, and use books to boost vocabulary, sequencing, problem-solving, inferencing, figurative language, and narrative skills.

June 23-26
July 14-17

10 am-1 pm, 6-8 yr olds

***Note:** This is **M-Th**

NOTE: For the safety and benefit of all children, campers must be able to engage in a group and work without direct one-on-one support.
